

# Textile Printers

## at FESPA '09

The report that you have downloaded was available for free until last year. It has been moved to our new section for people who wish to ask questions directly and personally to Dr Hellmuth, together with other trade show exhibitor lists. You can receive all these reports when you either Subscribe, or sign up for consulting. Every year I make an effort to visit new parts of the world to learn more about textile printers, in order to maintain the report lists for the [distributors](#), [printshop owners and managers](#), and [manufacturers](#) who write us for either a Subscription or for Consulting Services.

If you wish a Subscription, please look at [FLAAR-Reports.org](http://FLAAR-Reports.org) and then contact us at FrontDesk "at" FLAAR.org.

If you wish consulting services, download the consulting PDFs on any Consulting page on any FLAAR web site, or write us at FrontDesk "at" FLAAR.org

**La Mecanica**

**Sorim**

**Hollanders Color Booster for carpets, uses dye sublimation inks.**

Dr. Martial Blanc (right) and Dr. Nicholas Hellmuth at Sensient company in Switzerland.

D.gen the S, prints the front and rear at the same time.
