GoA is focused on both USA (especially in the vibrant printing industry of Florida) and visitors from Mexico, Central America, South America, and the Caribbean. Although GoA is held in USA, it is widely considered to be a printer expo with a definite focus on Latin America.

In 2013 the Graphics of the Americas expo will be in Orlando. We hope in 2014 onward it will return to the South Beach area of Miami.

FLAAR Reports issues annual reports on GoA and Dr Nicholas Hellmuth lectures here most years, both in English and in Spanish.
