## Please Note

This report has not been licensed to any printer manufacturer, distributor, dealer, sales rep, RIP company, media or ink company to distribute. So if you obtained this from any company, you may have a pirated copy.

Also, since this report may be updated, if you got your version from somewhere else, it may be an obsolete edition. FLAAR reports may be updated all year long, and our comment on that product or distributor may have been revised positively or negatively as we learned more about the situation from end users and manufacturers.

To obtain a legitimate copy, which you know is the complete report with nothing erased or changed, please obtain your original and full report straight from [www.large-format-printers.org](http://www.large-format-printers.org).

Your only assurance that you have a complete and authentic FLAAR Report, is to obtain these reports directly from FLAAR, via [www.wide-format-printers.NET](http://www.wide-format-printers.NET).

## Introduction

One measure of coverage is whether a distributor is large enough to be an exhibitor at key local or regional trade shows, in this case Graphispag 2011 at Barcelona and Viscom Madrid 2011. If a distributor is not at pertinent trade shows and is not mentioned by the leading Spanish trade magazines, then we have no way to recognize them.

This list of distributors is part of the services that FLAAR provides to manufacturers who seek distributors in any particular part of the world, and a service to print shop owners and managers who seek specific products.

Inclusion in this list is not an evaluation or recommendation.

This is the first time FLAAR has published a distributor list for Spain although previously we have visited several fairs in this country.
